- Rena bedrägeriet

Antivirus Monitor

The screenshot displays the Antivirus Monitor application window. At the top left is the Antivirus Monitor logo, and at the top right is a "Support" link. Below the logo is a search bar containing "Performing Scan" and several action buttons: "Adjust Settings", "Get Updates", "Activate Now", and "Help&Support". A green "Stop scan" button is positioned on the left side of the scan progress area. The progress bar shows a scan of "C:\windows\Help\nvcp\nv3data.chm" with a "Total: 894" count. Below the progress bar is a table of detected malware.

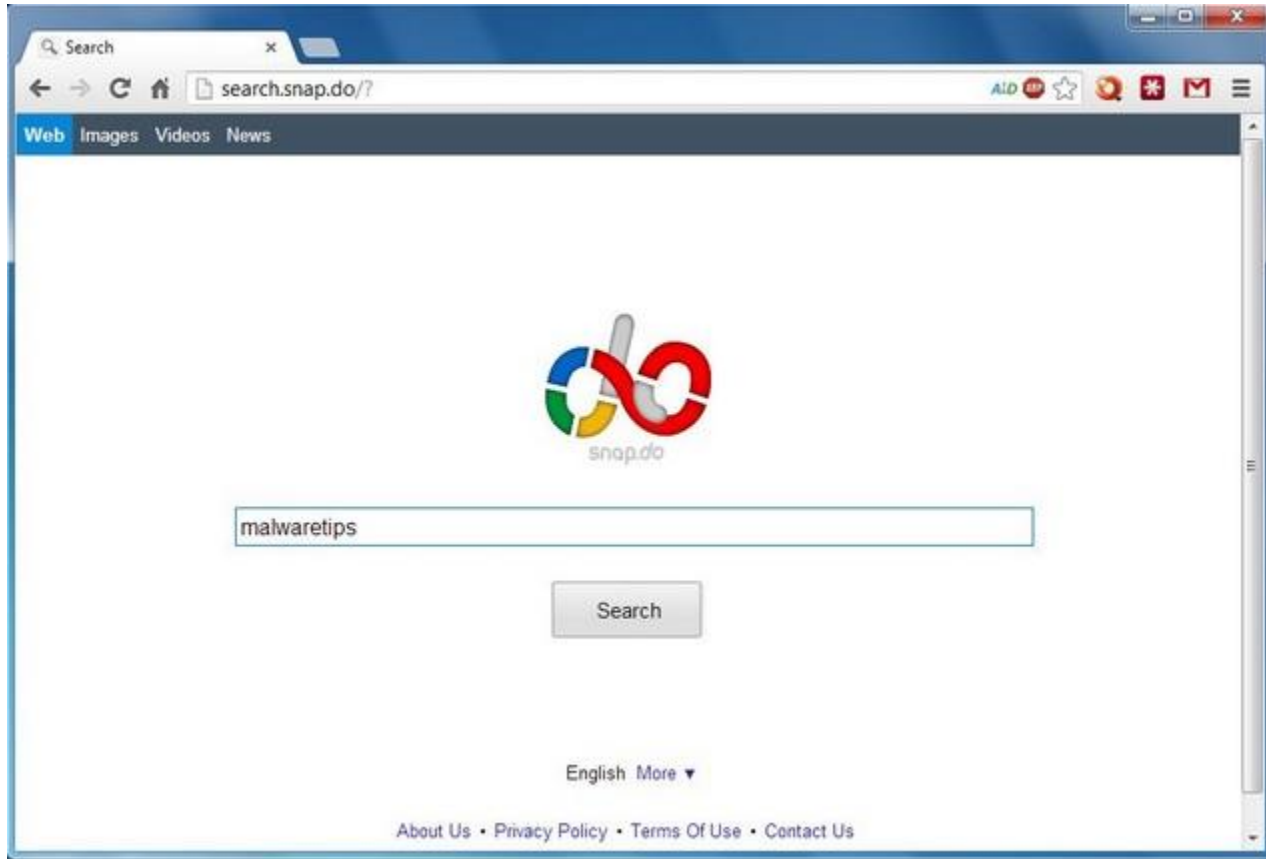

Malware name	Description
▲Best search	Category Adware: Software that displays pop-up/pop-under advertisements.
▲Win32/Wadnock	Win32/Wadnock are a family of worms that spread by exploiting Windows vul
▲CPush	Category Adware: Software that displays pop-up/pop-under advertisements.
▲SillyDI BCL	A program that downloads and may execute or install software without user.
▲Zlob AN	A program that downloads and may execute or install software without user.
▲Win32.Grams.I	Win32.Grams.I is a trojan that attempts to steal e-Gold funds.
